Modular Design, Multiple Options

FPC series models satisfy a variety of customers' demands. The premier feature of the FPC series is its modular design, which is cost effective for clients while increasing extensive capability. Avalue FPC provides a complete line of screen sizes from 15 inches to 22 inches, and even large digital signage up to 47 inches with a WXGA TFT display type and maximum 1680 x 1050 high resolution resistive touch screen. Each design uniquely features horizontal and vertically mounting for presenting entertaining as well as informational content. Additionally, the series incorporates Intel® Core™, Duo/ Core™, 2 Duo/Core™, Solo and Celeron® M900MHz CPUs to meet various performance compatibilities in different levels of applications. In summary, the FPC series offers highly flexible characteristics to correspond to today's market trends.
